

To all RCTC members. Via email.

Re: “Eternal Members Memorial”

Following the passing of Warren Daniells a decision was made to construct a memorial for the placing of plaques for members and partners who may pass away. The memorial was constructed and installed at no cost to the club, and we thank those involved.

On the 21st October Sharon Daniells and family attended the club privately, dedicated Warrens plaque on the memorial and distributed his ashes across the grounds.

This is to advise all members of availability of areas on the memorial for current, future and already deceased members and partners.

- **Areas on the memorial may be secured at a cost of \$500 plus GST. which will include provision and installation of a customised plaque with photo image.**
- **Excess proceeds will go to the club and the cost will be reviewed as required. Funds will be held in the existing RCTC “Wake Club” account.**
- **Plaques will be standardised in nature but can include some custom wording to be approved by Management.**
- **The wording “Eternal Member” will only be permitted where the deceased ashes have been spread on the grounds.**
- **Areas on the memorial will be allocated row by row from the top down as sold.**
- **All applications will be considered by Club management.**

. Photos are attached of the Memorial.
